

Green passport

NHL Stenden paper gift bag

Product description

A sturdy and practical gift bag made from recycled paper, designed for carrying merchandise, gifts, or everyday items. The bag features the NHL Stenden logo on the front and comes in green. Size: 32 × 12 × 40 cm. Paper weight: 90 g/m².

Material

- Main material: Recycled paper (90 g/m²)
- FSC®-certified paper – FSC MIX (FSC-C213206)
- Paper handles

Environmental Impact

The bag is made from recycled paper and FSC®-certified sources, supporting responsible forest management and reduced demand for virgin raw materials. Paper is widely recyclable and biodegradable, making it a sustainable alternative to plastic bags.

Packaging

Supplied flat-packed to minimize packaging material and reduce transport volume.

Transport

Bulk-packed and shipped via optimized logistics to reduce CO₂ emissions per item. Sea freight is preferred whenever possible.

End of Life

The bag can be reused multiple times and is fully recyclable through standard paper recycling streams.

Why it's green

- Made from recycled paper
- FSC®-certified material (FSC MIX, FSC-C213206)
- Fully recyclable and biodegradable
- Plastic-free alternative
- Reduced transport impact through flat packing
